TileFlex - Feltdecor® Acoustic Panels

Sustainability is at the core of our philosophy. TileFlex acoustic panels are manufactured from recycled PET plastic bottles, which not only reduces waste, but also supports a closed-loop economy. This reduces the use of natural resources and minimizes CO2 emissions during production.

TileFlex are acoustic panels that refer to the harmony of the four sides of the world with their design. Perfect proportions combined with a wide range of colors and carefully considered design transform any interior into a place full of magic and pure sound. Their minimalist and modern design blends perfectly with both home spaces and prestigious office or hotel interiors. Echoes and reverberating noise become only a distant memory, giving way to a space where elegance meets acoustic comfort.

TileFlex is a unique acoustic solution that combines functionality and design. Extremely easy to install and with excellent sound-absorbing properties, TileFlex is gaining increasing recognition among users who want exceptional style and acoustic comfort. For a more complete design experience, 3D models are available from distributors for better fitting and visualization in the planned interior.

Choose TileFlex - the perfect panels for a space that inspires and delights.

Available colors: According to s.line color chart

Minimum order: 1 panel

Packing: 610 x 670 x 81 mm carton, contains 8 panels with a total weight of about 6 kg.

Installation method: Sticking to the wall with mounting glue.

Cutting method: V-cut at an angle of 22.5°

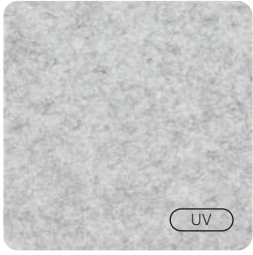

Edge finishing: V-cut at an angle of 22.5°

Panel dimension: 600 x 600 x 9 mm

3D models: Available from distributor

Thickness: +/- 9 mm | **Density:** 2000 g/m² | **Composition:** 100% PET polyester (partially recycled)
Sound absorption class: PN-EN ISO11654 $\alpha_w = 0,25$ for the product unassembled
Fire classification: EN 13501-1:2018 B-s1, d0 for all product applications

Slight differences in color and texture may occur with multiple orders.

Synthetic felt is a heterogeneous mixture of polyester fibers, so that slight differences in color are a natural characteristic of the material and are no reason for complaint.

The colors shown may vary depending on the characteristics of your screen - we recommend that you visit your dealer to make sure of your final color choice.
