PrintSlat – Feltdecor® Acoustic Panels

Feltdecor **PrintSlat** acoustic panels are a combination of modern design and effective sound improvement. They reduce echo and noise, making the space more comfortable and the sound clearer and more pleasant.

The panels are made from eco-friendly PET felt. The product features precise V-cutting and a durable, high-quality print of wood textures. After installation, the panels create a cohesive, aesthetic surface that fits any interior.

The installation is quick and easy, requiring only mounting glue, so you don't need to be an expert. It's an easy way to improve acoustics while giving your space a stylish, modern look.

All panels are available on a Raven Black base.

The three colors visible above - Grey Oak, Vintage Oak, and Rustic Oak - are applied using UV printing technology.

Thickness: +/- 9 mm | **Density:** 2000 g / m² | **Composition:** 100% PET polyester (partially recycled)

Sound absorption class: PN-EN ISO11654 $\alpha_w = 0,25$ for the product unassembled

Fire classification: EN 13501-1:2018 B-s1, d0 for all product applications

Slight differences in color and texture may occur with multiple orders.

Synthetic felt is a heterogeneous mixture of polyester fibers, so that slight differences in color are a natural characteristic of the material and are no reason for complaint.

The colors shown may vary depending on the characteristics of your screen - we recommend that you visit your dealer to make sure of your final color choice.
