## Swaying Plumes

Decorative panels - **PrintSonic**

**PrintSonic** felt panels are distinguished by precise, fine V-cut incisions and a high-quality printed finish. As a result, once installed, the individual elements fit together seamlessly, forming a cohesive and aesthetically refined wall composition. This solution enables the creation of a uniform graphic effect with meticulously defined details and perfectly aligned edges.

The graphics used in our projects originate from the Valare collection, ensuring access to carefully curated, contemporary designs. There is also the option to incorporate custom graphic concepts. As a result, **PrintSonic** becomes not only a decorative feature, but also a distinctive element of interior design – ecological, functional, and fully tailored to the specific needs of the space.

**Available colors:** UV CMYK printing on the p.line FD05 Sandy Beige panel
